Technical Reports	
Yasunaga, G. and Fujise, Y. What do we know about whales and ecosystem in the western North Pacific Ocean? Part 4: Summary of results on chemical pollution	1
Tamura, T., Konishi, K., Isoda, T. and Hakamada, T. What do we know about whales and ecosystem in the western North Pacific Ocean? Part 5: Summary of results on whale’s ecology including feeding habitat and ecosystem modelling	8
Isoda, T., Katsumata, T., Kim, Y. and Matsuoka, K. Results of the dedicated sighting survey under the Japanese Abundance and Stock structure Surveys in the Antarctic (JASS-A) in a part of Area VI in the 2022/23 austral summer season	22
Kim, Y., Katsumata, T., Isoda, T. and Matsuoka, K. Report and highlights of the Japanese dedicated sighting surveys in the North Pacific in 2022	34
Katsumata, T. and Matsuoka, K. Results of the IWC-Pacific Ocean Whale and Ecosystem Research (IWC-POWER) dedicated sighting survey in 2022—An overview—	47
Inoue, S., Bando, T. and Fujise, Y. An update of the study on age at sexual maturity trends in the Antarctic minke whale	55
Katsumata, T., Isoda, T. and Matsuoka, K. Utility of data logging for the estimation of availability bias in sighting surveys	64
Konishi, K. and Kleivane, L. Using satellite-linked tags for studying the feeding ecology of fin whales in the southern Okhotsk Sea	69
Commentary	
Pastene, L.A. The current utility of data and samples collected by former Japanese whale research programs under special scientific permit	74
National meetings and lectures	78
International meetings and lectures	79
Peer-reviewed publications	82
